

PUBLIC SERVICE ANNOUNCEMENT

Austell, Georgia/ May 11, 2020

COVID-19 (Coronavirus) Testing Site Now Open in Austell

It is very important that if you suspect you have been exposed to COVID-19, whether with or without symptoms, that you be tested. There is now a drive-thru testing site in Austell.

LOCATION

Peachtree Immediate Care
1850 East West Connector,
Austell, GA 30106
770-988-5824

HOURS

9:00am-6:00pm Monday-Friday
9:00am-5:00pm on Weekends

TEST SITE DETAILS

- The COVID-19 test is a molecular PCR test which is reported to have a 99.6% accuracy rate (the highest in the industry). The test is able to detect virus before symptoms start and 14-21 days after symptoms end.
- In addition to the test for COVID-19, the providers and staff at the site do a limited review of health history, check basic vitals such as oxygen levels, and listen to the hearts and lungs.
- For the safety of patients and staff the testing center is drive-thru only.
- Test results typically takes 48-72 hours.
- On-site testing is available for assisted living, employers, and other large institutions.
- No appointments or referrals required
- Both the testing and evaluation are covered by most insurance, and no copay is required.
- Testing open to both patients with symptoms as well as those who are simply worried that they have been exposed to the virus.

For more information about this COVID testing site, or to preregister online, please visit <https://www.peachtreemed.com/drive-thru-covid-19-testing/> .
